PUBLIC LANDS.

The public lands belonging to the General Government are situated,—1st. Within the limits of the United States, as defined by the treaty of 1783, and are embraced by the States of Ohio, Indiana, Illinois, Michigan, Wisconsin, and that part of Minesota east of the Mississippi River, all of which have been formed out of the Northwestern Territory, as conveyed with certain reservations to the United States by New York in 1781, by Virginia in 1784, by Massachusetts in 1785, and by Connecticut in 1786; also the lands within the boundaries of the States of Mississippi and Alabama north of 31 deg. north latitude, as conveyed to the United States by Georgia in 1802. 2d. Within the Territories of Orleans and Louisiana, as acquired from France by the treaty of 1803, including the portion of the States of Alabama and Mississippi south of 31 deg.; the whole of Louisiana, Arkansas, Missouri, Iowa, and that portion of Minesota west of the Mississippi River; the Indian Territory; the district called Nebraska; the Territory of Oregon, and the region lying between Oregon and Minesota, north of 42 deg. and south of 49 deg. north latitude. 3d. Within the State of Florida, as obtained from Spain by the treaty of 1819. 4th. In New Mexico and California, as acquired from Mexico by the treaty of 1848.

Within the limits recognized by these treaties and cessions.

Mexico and California, as acquired from Mexico by the treaty of 1848.

Within the limits recognized by these treaties and cessions, the public lands covered an estimated area of 1,584,000,000 acres. Exclusive of the lands in Oregon, California, New Mexico, Utah, the Indian and Nebraska Territories, the entire area of the public domain is stated, after a careful examination, to have been 424,103,750 acres. About one fourth of this, up to November 30th, 1850, had been sold, and \$135,339,092 received therefor. The aggregate outlay of every kind upon these lands to the same date, including cost of purchase, of surveying and of selling, was \$74,857,879, leaving as not profit to the government \$60,381,218, or an annual average of nearly a million of dollars for the last 50 years. If there should be added to this, at the rate of \$1.25 per acre, the value of the land granted for bounties, schools, internal improvements, &c., it would amount to nearly flouble the above sum. The average cost per acre to this government of acquiring title, &c., to the lands is 14.41 conts; o survey, 9.07 cents; of selling and managing, 5.52 cents; in all 21.30 cents; while it receives \$1.25 per acre, or a nei profit on each acre sold of \$1.032.

The whole number of warrants for Mexican bounty land claims issued to November 1, 1851, is \$0,781, of which \$6,618

have been located, and 66,200 have been patented. The whole number of warrants issued under the general bounty-land aw of September 28, 1850, up to November 1, 1851, is 64,201. Of these, 8,708 have been located and returned, and 1,950

patented.

The following table shows the sales of public lands and the proceeds thereof from the year 1883 to 1850, inclusive. Full details of the present condition of the public lands, and of the various grants and donations thereof for purposes of education and of internal improvement, are given in the American Almanac for 1850, pp. 180 et seq. The above establishment has been in successful operation about one year, and has turned out some of the best STEAM ENGINES and SAW MILLS that have ever operated in this or any other State. Orders are solicited for Steam Engines and Saw Mills, Mill

Gearing and Machinery of every discription to be completed during the Summer and Fall. The improved condition of the Raleigh and Gaston Rail Road will enable me to fill with dispatch and punctuality all orders after the 1st of

The following certificate will show the character of the work executed at the above Works:

"AUBRY, Cumberland, May 15, 1852.

"Mr. Silas Burns—Dear Sir: Our Engine and Mills, made at your shops, have been at work nearly two months, and fully meet our expectations. The Engine, as to Finish and STRENGTH, PERFORMANCE and DURABILITY, is inferior to none in the State of the same class made here or elsewhere. The Mills run with a smoothness and speed truly astonishing. In ordinary sawing we cut in a common sized log, 1 foot, in 3% seconds or 16 feet per minute. We have run, however, through an 18 feet log in 32 seconds or at the rate of 33 feet per minute, by running to the top speed we fully believe we can cut 40 feet per minute. The only objection we have heard urged is, it takes too many hands to haul up logs and carry away lumber. Yours, &c.,

JONES & BARBEE."

DETERSBURG CLOTHING BAZAAR.—The subscribers having purchased the entire interest of N. Perry in the above celebrated establishment, respectfully announce to the citizens of North-Carolina that they intend to relax no effort to retain the liberal patronage heretofor received from the numerous customers of the Bazaar in the

of the firm being constantly in the market, thus having facili-ties for purchasing our Cloths, Cassimeres, &c., at first hands, and consequently at the lowest rates, we are enabled to com-pete in prices with Northern houses, while our garments in point of style and workmanship, are not excelled by those of any other house in the State.

It is unnecessary to enumerate the articles of which our

stock is composed; suffice it to say that in our rooms may be found every thing pertaining to men's wear, and furnish-ing goods of the most recent style and in great variety. Our Custom Department is constantly supplied with the most desirable goods, and those preferring their garments made to order, can here find a large assortment to select from, and with an efficient force of workmen we can get up a single garment or an entire suit at very short notice. A good fit and perfect satisfaction guarantied in every instance.

Our Wholesale Rooms. Merchants visiting the City should not fail to look through our stock, as we have opened an exclusive Wholesale Room, and manufacture largely, expressly for this branch of our trade.

EGGERT & CO., MANUFACTURERS OF GRAND, SQUARE AND UPRIGHT PIANO-FORTES, No. 282, PRATT STREET, BALTIMORE.—The Subscribers respectfully call the attention of the public to their Grand, Square and Upright Pianos, of 6½, 6¾, 7 and 7½ octaves, for which the Maryland Institute, for the promotion of Mechanic Arts, has awarded the first premium ever awarded by that institute for improvement in Grand and Square Pianos. These Pianos are in large sized, highly finished cases of Rosewood, WITH ENTIRE HON FRAME, constructed in the most substan-WITH ENTIRE IRON FRAME, constructed in the most substantial manner, with all the modern improvements.

The manufacturers use none but the very best seasoned

them to warrant their instruments to stand any climate.

The Firm has a Patent Right action, operating on such principles that friction is almost entirely relieved or avoided, and their piano can therefore never get out of order.

For chasteness of design, elegance of finish, as well as for fullness, richness, and beauty of tone, these Pianos rank foremost, and are equal to any made here or in Europe.

given, in every instance, entire satisfaction.

We warrant our instruments to stand good for five years under careful treatment, and will receive them back and substitute others, any time within the first six months from the sale of it, if it shall not prove satisfactory
